

## NCDPS Response to MuckRock Request

Request Item 1: All policies related to the employment and payment of incarcerated persons under the jurisdiction of this agency.

In reviewing the Work Release section of our Prisons Policy and Procedure Manual, the only policy found relating to this topic was:

- The employer must pay at least the current minimum wage;
- The employer must participate in an insurance program, preferably the Worker's Compensation Program, which will compensate the inmate for injury by accident arising out of and in the course of employment;
- The work setting must provide an appropriately supervised environment. Employment by a family member is prohibited. A family member is defined as father, mother, brother, sister, husband, wife, child, aunt, uncle, grandparents, in-laws, foster parent or other persons who acted in place of parents where such relationships can be verified.

Request Item 2: The most recent report regarding currently-employed incarcerated persons under the jurisdiction of this agency. Please include all available segregable information, including the type of employment, the wage at which the employment occurs, and any other applicable information. Please do not include any personally identifying information.

In querying our OPUS database, the following table summarizes the current number of inmates and types of businesses for our Work Release inmates:
